SOLUTIONS FOR LIVING

LIVING WITH HIP & KNEE CARE

1300 133 120 | aidacare.com.au

LIVING WITH HIP & KNEE CARE

Hip and knee joint replacements are helping people live active and pain-free lives. When an entire joint is damaged, a joint replacement may be recommended. The hip or knee joint is replaced with an artificial part known as a 'prosthesis' or 'implant'.

It is important to consult with your doctor, physiotherapist, occupational therapist or other health professional and follow their recommendations post-operatively. To assist with recovery, products such as daily living aids, seating supports, pillows and mobility aids can be purchased or hired in readiness for hospital discharge.

SWL – Safe Working Load is the manufacturer's recommended maximum weight load for a product. Allowance should also be made for fluctuations in body weight and additional items that may be carried by the equipment user, such as equipment accessories or bags.

NOT QUITE SURE?

Do you need help with product selection and sizes? Please contact Aidacare on 1300 133 120. For Therapist Solutions please enquire about how else we can help you.

For a full range of assistive equipment that may help a person needing hip and knee care, please scan the QR code.
